NEW YORK PLASTIC SURGERY

200 W 57th Street, #508
New York, NY 10019
Info@ScarpidisAesthetics.com

212.951.0505

SculpSure is an ideal treatment for men who are close to their ideal shape, but who wish to melt a few troublesome inches off their love handles, thighs or stomach. While healthy eating and gym visits can contour a man's physique, stubborn fat deposits often linger on the body, creating a frustrating obstacle to fitness. SculpSure enables men to overcome such confidence obstacles, jumpstart their health routines, and gain control over physical imperfections.

HOW DOES IT WORK?

Applicators will be placed on your skin over your desired treatment area to melt your fat cells. In the weeks following your procedure, your body naturally eliminates the injured fat cells, resulting in a slimmer, more defined appearance.

WHEN WILL I SEE RESULTS?

You will see results as early as 6 weeks following treatment as the body begins to eliminate the destroyed fat cells; optimal results are usually seen at 12 weeks.

HOW LONG WILL THE RESULTS LAST?

Fat cells are permanently destroyed during your procedure and eliminated from your body.

WHEN CAN I GO BACK TO THE GYM?

You can return to the gym immediately. There is no downtime associated with this procedure.

HOW MUCH DOES IT COST?

Depending on the size of the treatment area, pricing starts at \$400.

25 minute procedure

Treat multiple areas at once

Works on all skin types

No downtime
